Progressive Teachers of Bangladesh Public University

The fabricated verdict of the false and farcical case against Sheikh Hasina, the successful Prime Minister of Bangladesh and President of the Awami League, has been rejected by 1001 Progressive teachers of public universities in Bangladesh

We note with deep anger and sadness that the verdict announced by the International Crimes Tribunal against Sheikh Hasina, the successful Prime Minister of Bangladesh and President of the Bangladesh Awami League, an organization that led the liberation war and independence struggle, in a politically motivated process, is farcical and unacceptable. The International Crimes Tribunal has now taken the form of a kangaroo court through its dictatorial, biased, and anti-justice activities, including false witness testimony.

The crores of people in this country, inspired by the ideals of Bangabandhu, independence, and the spirit of the liberation war, have rejected such a hateful, conspiratorial, and predetermined verdict against Sheikh Hasina, the architect of a modern and prosperous Bangladesh. We, the progressive teachers' community, who believe in the spirit of independence and the liberation war, express solidarity with the general public of Bangladesh and reject the farcical verdict of the Kangaroo Court with hatred.
